14th All India Conference of the SCOTT RESEARCH FORUM (SRF) (Multi Disciplinary) 28&29 February 2024

Organized by
The Scott Research Forum (SRF)
Scott Christian College (Autonomous)

Partly sponsored by the
University Grants Commission (UGC)

ABOUT THE COLLEGE

A Village-Church School founded by **Rev. W.T. Ringtaube** at Mylaudy in 1809, one of the London Missionary Society missionaries, was shifted to Nagercoil in 1818 by **Rev. C. Mead** and elevated to Scott Christian College in 1893 by the inexorable efforts of **Rev. Dr.J.Duthie** who became its first Principal. During 1908-1910, **Rev. George Parker** built the science block with a legacy of 1000 from the family of **Mr. Septimus Scott** and a grant from the Govt of Travancore. **Mr. G.H Marsden, M.A.** Tripos of the University of Cambridge, took charges as Principal on February 1, 1927 and continued till 1957 with whom the legacy of the English Principals ceased. **Mr. B. Arumai Raj** was the first Indian to take over as the Principal in 1957 who continued till 1966 and was succeeded by **Dr. John D.K. Sundersingh** till 1975. During **Dr. Sundersingh's** tenure, the college was shifted to the present campus due to want of space and currently it stands high above the rest of the institutions around offering 16 Undergraduate Courses, 14 Postgraduate Courses, 10 M.Phil. Programmes and 11 Doctoral Programmes (all recognized as Research Centres). Today, the College has completed 131 years of educational service to people in and around the district.

PLACES OF INTEREST IN AND AROUND THE VENUE

The venue of the Conference is Scott Christian College at Nagercoil. Kanyakumari popularly known as the 'Cape Comorin', is situated at the southern tip of the Peninsula where the three seas namely, the Bay of Bengal, the Arabian sea and the Indian Ocean meet and hence frequently referred to as the Tri-sea junction.

The venue is situated along the National Highway NH-47 and is well-linked by rail and road. The nearest airport is Thiruvananthapuram located approximately 70 km away from the venue. Nagercoil enjoys a warm and humid weather with intermittent showers in January and February.

OBJECTIVES OF THE CONFERENCE

1. To bring all enthusiastic researchers under a common roof.
2. To make researchers aware of the increasing importance of inter disciplinary approach.
3. To help researchers update their knowledge.
4. To offer a common platform for budding researchers to unmask their findings.
